"Life issues didn't arise overnight. Their frequent connection to medical technology can make them seem like recent developments – and advances in understanding physiology and pharmaceuticals have made abortion and euthanasia more efficient and available of late. But these

circumstances have been causing society's difficulties- and providing opportunities to proclaim the Gospel – since ancient times. Rev. Michael W. Salemink, executive directors of Lutherans for Life. A Life Quote from Lutherans for Life. www.lutheransforlife.org
