

## Ephesians 6:18-24

1. Review
2. Paul finishes using a chiasmic structure in relation to that of his opening. Remember a chiasmic structure is ABBA or can be longer, such as ABCDCBA. What is the chiasmic structure here? How does this shape our view of the letter?
3. Prayer is a central theme in Ephesians. Find 2 or 3 prayers within Ephesians. What do these prayers teach us in relation to faith, God's grace, how to prayer, etc.?
4. Righteous prayer is something that is done in humility. Why can we say that and how do we see that in Ephesus and even in our own pericope?
5. How is prayer trinitarian?
6. How would you characterize Paul's attitude at the end of Ephesus and even throughout the entire book?
