

Galatians 3

Review

1. What is the main reason Paul is writing to the Galatians?
2. What is forensic justification?
3. What is imputed righteousness?

3:1-9

1. We see Paul beginning to almost bash the Judaizers with 5 rhetorical questions.
 - a. He does this because there is no wiggle room/loophole to get back to the Law.
 - b. Makes his opening question even more potent, "Who has bewitched you?"
2. We will see Abraham mentioned several times in this chapter. Why?

3:10-14

1. What happens if you rely on the works of the law?
2. What's the difference between the law and faith?
3. How did Christ redeem us from the curse of the law?
 - a. "Jesus' death on a cross . . . transforms everything, ending the old world under the Law and opening up a new world of grace, freedom, and blessings. That is why Paul regards a return to life under the Law as an absurd denial of God's grace."
4. Who "receives the promise Spirit through faith"?

3:15-29

1. Who were the promises made to in verse 16?
 - a. Genesis 12:1-3; 22:16-18
2. Which came first? The law or the promise?
3. Why did God give the law, specifically the law of Moses?
4. Why is the law of Moses no longer needed?
